

# HUMBLE CHRISTIAN SCHOOL

## BEARING FRUIT

### *Strategic Plan 2010-2015*

*I am the true Vine and My Father is the husbandman. Each branch in Me that bears no fruit He takes away and every branch that bears fruit He prunes it that it may bring forth more fruit. John 15:5*

### WHO WE ARE

Humble Christian School provides pre K4 through high school education. In 2009, Humble Christian School provided education for 350 plus students representing over 96 area Christian congregations in the northeast Harris and southeast Montgomery counties in Texas.

Humble Christian School, a 501(c)3 nonprofit organization, has a mission to partner with parents to train children to be disciples for Christ through excellence in spiritual, academic, social and physical instruction.

### STRATEGIC PLAN

In 2008 and 2009 the school board of Humble Christian School engaged in a strategic planning process to ensure that the school would continue to grow, develop and bear great fruit. This process of review, evaluation and pruning is never easy, yet Christ reminds us that pruning is required to ensure greater fruit.

In May 2009 the Board adopted the school's first strategic plan. This plan sets forth a clear vision and mission for Humble Christian School. The plan records our guiding principles; many that were in practice yet never written. The plan establishes measures for success. Humble Christian School is young by comparison with a short eight-year history. The Strategic Plan crystallizes the original intent of the school; that biblical education focuses on what a person becomes rather than what he knows. Knowledge is pursued as the basis for the development of wisdom and character with a goal to glorify God and fulfill His mandate. Education is the prerogative and responsibility of parents.

Humble Christian School is in partnership with the home to provide support and assistance in shaping a Christ-like view of truth and reality. We desire to prepare good ground for our students to respond to a Christian world view, based on the Bible's influence in such areas as: Education, Economics, Religion, and Social Issue.

The Plan defines our goals and strategies in several key areas:

- Administration & Governance
- Academic Excellence
- Communications
- Enrollment and Facilities Growth

Within each of these broad areas there are goals and strategies that will assist in meeting the overarching goals. Areas of focus include: 1) Measures of Success, 2) School Management and Financial Oversight, 3) Fundraising, and 4) Tuition Rates. All areas of focus will be monitored by both administration and the school board.
